# About Us

A photograph of three women in white, flowing dresses performing an underwater routine. They are positioned vertically in the water, with their bodies curved and limbs extended in a graceful, synchronized manner. The water is dark, creating a dramatic contrast with the white dresses. The women have dark hair and are wearing small, sparkling accessories. The overall mood is elegant and artistic.

Watch the water come to life with our sensational routines, adapted to your thematic needs. As “Naiads”, we always strive for excellence and continuously experiment with new ways of expressing our art. From the most elegant, chic, dainty, fairytale setting to the most unconventional, rock, avant-garde, extravagant performance. We add value to in-water entertainment and create spectacular spectacle made by top athletes, former members of the Greek National Team.

# Minimal Synchro

This act exudes a seamless and refined essence of synchronised swimming. With graceful and fluid movements, it becomes the perfect choice for ambient synchronised swimming acts at galas, dinners, and corporate events, where a captivating pool performance is desired without stealing the spotlight. The swimmers' bodies gracefully create organic floating shapes, kaleidoscopic patterns, and symmetrical formations, where the entire performance revolves around the interplay of different shapes and their seamless transitions, mesmerising the audience with its subtle beauty and artistic expression.

Minimal synchro is to synchronised swimming what contemporary dance is to ballet. It is a smooth, elegant version of synchronised swimming.
